

Cristian POPA is a graduate of the Banat University of Timisoara. Cristian joined the team of REMEDIA Pharmaceuticals in 2000, currently holding the position of IT Manager.

He leads a team of 3 employees and is passionate about automation, robotics and IoT (Internet of things).

In 2004 he started the development of a web-driven management program for the pharmacy network that he maintains and constantly updates.

The motto that best describes him is "Water passes, stones remain".
